

Immaculate Heart of Mary School
Acknowledgement Form
2023-2024

Photo Release

Sharing photos and videos of student activities and school events is a wonderful way to show school families and our community the interesting activities and fruitful work that happen at Immaculate Heart of Mary School throughout the year. Images will be shared on social media, included in marketing material, and posted on our website unless a parent opts out. Students are identified by first name and last initial only when they earn an award or have a noteworthy accomplishment. To opt out of either photo/video use or having your child's name included for an achievement, contact our school office at pictures@ihmschoolmd.org. We seek to balance the accommodation of photo restrictions while still providing well-deserved recognition of other students in a group setting. Therefore, please understand that disallowing your child to be included in school-related photos/videos means they will be politely asked to step aside when a group photo is taken for external use. This includes students involved in band, choir, drama, service projects, academics competitions, field trips, sports, etc. Photo restriction also impedes our ability to share events via live-streaming. This release supersedes all other documents and online forms.

By signing below, I agree to all of the above policies, procedures and rules as they pertain to myself, my child, my family and any/all guests of mine.

Questions or concerns regarding this handbook should be addressed through the school office.

Child First and Last Name and Grade (please print):

Full Name _____ **Grade** _____

Parent Name

Parent Name (Signed)
