

Summer 2023 I.H.M. Reading

Our Summer Reading theme this year is Adventures. We want each of our students to enjoy an adventure this summer and to see where reading can take them.

Rising kindergarten - 2nd graders do not have a specific book being assigned but must complete a Reading Log. These will provide their first ELA grades for the new school year.

Rising 3rd - 8th graders are required to read an assigned book before the first day of the 2023-2024 school year. Teachers will use the required books to complete a variety of learning activities during the first weeks of school. These will provide their first ELA grades for the new school year.

Rising 3rd - 5th graders are also required to hand in a reading log. The reading log is optional but encouraged for grades 6 - 8.
